Earticle Media Technology

Elevating Enterprises for a Brighter Digital Future.

Company Profile

About Us

Founded in 2021, Earticle Media Technology Private Limited is dedicated to empowering businesses with a comprehensive suite of services. We specialize in tailored human resource solutions for both IT and non-IT sectors, mobile app development, custom software development, and website design and maintenance.

Our commitment to excellence drives us to deliver top-notch solutions to our esteemed clients around the globe. At the heart of our success is a passionate team of recruiters, designers, programmers, user experience specialists, strategists, and project managers who ensure we never compromise on quality or service.

At Earticle Media Technology, we believe in your success, and we're here to help you thrive in the digital landscape.

Core Values

Integrity

We highly demonstrate integrity, valuing honesty and strong moral principles.

Excellence

We deliver what we promise with superior quality standard.

Innovation

We embrace constant result-oriented innovative solutions which brings value for our customers.

Passion

We are passionate about creating new opportunities to generate high-value return on Client's investment.

Commitment

We are committed about serving client and candidate key needs.

Transparency

We encourage the open and transparent exchange of ideas, opinions and views in everything we do

Diversity Hiring

DIVERSITY HIRING

We are committed to helping your organization create a workplace that reflects the world's diversity. Our approach to diversity hiring focuses on:

Inclusive Talent Acquisition Strategies

We design tailored recruitment processes that remove unconscious bias and focus on skills, potential, and cultural contribution.

Targeted Outreach

We build relationships with diverse talent pools, partnering with underrepresented communities, educational institutions, and professional networks.

Culturally Competent Assessments

Our assessment techniques are designed to ensure that candidates are evaluated fairly, with attention to individual strengths and potential.

Training and Development

We offer consultation and workshops on inclusive hiring practices, unconscious bias training, and building an inclusive work environment.

Our Goals & Missions

Our Goals

Earticle Media Technology was established to help businesses manage rising IT costs without sacrificing quality. Based in New Delhi, India, we offer end-to-end solutions, including strategic development, ERP solutions, tailored human resource services, and consulting. Known for our commitment to high quality and timely delivery, we are dedicated to providing exceptional value and support to empower our clients on their journey to success.

Our Mission

Our mission is to empower businesses by delivering exceptional manpower solutions tailored to their unique needs. We are dedicated to connecting organizations with the right talent, fostering growth through strategic partnerships, and upholding the highest standards of service and integrity.

Our Vision

Our vision is to be the leading manpower consultancy in the industry, renowned for our innovative approach and deep understanding of client needs. We aspire to create a world where organizations flourish with the right talent, and individuals discover fulfilling career opportunities that align with their skills and aspirations, all while championing diversity and inclusion.
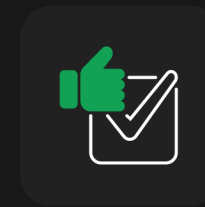

From Vision to Results
